Mr. Barratt Wilkins
State Librarian

Mr. Marvin Mounce
Projects Coordinator

Mrs. Patricia Allen
Secretary

**This council advises on the administration of the Library Services and Construction Act.*

PREFACE

This edition of the Florida Library Directory contains statistical data for FY 1979-80. It includes address listings as supplied by public, academic, institution and special libraries, and by district school media centers. It includes a name index. The computerization of the statistical data and address listings and production of this year's Directory was done by E. Walter Terrie, Florida State University Institute for Social Research.

Statistical information was compiled from the annual reports submitted by cooperating public and institution libraries. The information reported follows the categories established by the National Center for Education Statistics (NCES). Public libraries used the Library General Information Survey (LIBGIS) form. Academic libraries provide statistical information in alternate years, using the Higher Educational General Information Survey (HEGIS) form. Academic statistics are not in this edition but will be in the 1982 Directory. A brief Florida supplement was added to each of these. The State Library devised a special form for the institution libraries. Data was collected, analyzed and stored on computer through the services of Florida State University, Institute for Social Research. The tables contain such selective data as will facilitate a comparison of FY 1980 financial support and service activities among the libraries.

In using the data it should be noted that population figures are from the 1980 federal census of population and housing, and refer to permanent resident population only. Some libraries included in the address section do not appear in the statistical section. This is because the reports arrived too late for inclusion or failed to meet the conditions outlined on page 115 of the Tables section.

A special note of appreciation is due to the librarians of Florida whose cooperation makes this publication possible.

--Martha Jane Proctor

COVER ART by Carey McNamara
Graphics
Secretary of State

The editors wish to express appreciation to the artist for her design, and to Robert Bell, Graphics, Secretary of State, for his assistance.

STATISTICAL ANALYSIS FOR PUBLIC LIBRARIES

FY 1979-80

Data is compiled from annual survey forms distributed to public libraries in May, 1981. Approximately 82% of the libraries reported. Except in cases of obvious inconsistencies where changes were made in consultation with the libraries concerned, the information is published as submitted. The tables are the same as last year.

Summarized data show the libraries held a total collection of 11,155,577 volumes of books and bound periodicals, or 1.26 volumes per capita. They served a total population of 8,884,017 and circulated 35,599,248 volumes or 4.01 volumes per capita. The figures for FY 1979 were 1.17 volumes per capita owned and 3.53 per capita circulated.

Revenue for FY 1980 totalled $54,176,884 and was received from three main sources: local (municipal and/or county governments), 89%; State of Florida, 6%; Federal Government, 3%; and other, 2%.

The libraries reported a total operating expenditure of $50,358,198 which equalled $5.67 per capita. In FY 1979 the figure equalled $5.00 per capita.

Population projections were taken from Florida Population: A Summary of 1980 Census Results, April 1, 1980, State, Counties, and Municipalities (prepared by the Population Program, Bureau of Economic and Business Research, University of Florida, May, 1981). When the group that is served free-of-charge did not correspond to county or city boundaries, we used figures provided by the library. These exceptions are noted in the footnotes to Table 1.

Some libraries which appear in the address section are not included in the statistical section. This omission was based on the failure to meet - or to be affiliated with a system that meets - any or all of the following criteria set up in Library Statistics: A Handbook of Concepts, Definitions, and Terminology (Chicago, ALA, 1966), p. 30. The library must:

1) Give at least 10 hours of public service per week.
2) Have a book collection of at least 2,000 volumes.
3) Purchase at least 200 volumes per year.
4) Expend at least $1,000 per year.

POPULATION SERVED

(Footnotes to Table 1, Column 4)

1. Orange County Library District population is for Orange and Osceola counties minus Maitland and Winter Park.
2. Broward County System reported service to the total Broward County population.
3. Miami-Dade population was computed by subtracting from the 1980 Dade County figure the population figures for: Hialeah, Miami Shores, North Miami, Miami Beach, North Miami Beach, Surfside, Bal Harbour, Bay Harbor Islands and Opa-Locka.
4. Surf-Bal-Bay serves the populations of Surfside, Bal Harbour and Bay Harbor Islands.
5. Barron serves the city of LaBelle plus the library estimate of western Hendry County -- a total of 7,287.
6. Clewiston service area equals total county population (18,599).
7. Leesburg population includes Leesburg (13,191) plus the population outside the city using city utilities (20,000), as reported by librarian.
8. Lee County population is Lee County total minus Ft. Myers Beach Tax District.
9. Ft. Myers Beach population is figure reported by librarian for Ft. Myers Beach Tax District.
10. Palm Beach Headquarters population is figure reported by librarian for Palm Beach Taxing District.
11. Each library reported free service to all of Pasco County.
12. Volusia County library serves the entire population of Volusia County.
13. Ormond Beach library reported free service to all of Volusia County.

PREFACE

This edition of the Florida Library Directory contains statistical data for FY 1980-81. It includes address listings as supplied by public, academic, institution and special libraries, and by district school media centers. It includes a name index. The computerization of the statistical data and address listings and production of this year's Directory was done by E. Walter Terrie, Florida State University Institute for Social Research, who was ably assisted by Stephen Flager and Karen L. Gross.

Statistical information was compiled from the annual reports submitted by cooperating public and institution libraries. The information reported follows the categories established by the National Center for Education Statistics (NCES). Public libraries used the Library General Information Survey (LIBGIS) form. A brief Florida supplement was added. Since no Higher Education General Information Survey was conducted this year, academic statistics were limited to those provided by the State University System. The State Library devised a special form for the institution libraries. Data was collected, analyzed and stored on computer through the services of Florida State University, Institute for Social Research. The tables contain such selective data as will facilitate a comparison of FY 1981 financial support and service activities among the libraries.

In using the data it should be noted that population figures are from the Florida Estimates of Population, as of April 1981, University of Florida, and refer to permanent resident population only. Some libraries included in the address section do not appear in the statistical section. This is because the reports were not received or because they failed to meet the conditions outlined on page 113 of the Tables section.

Appreciation is expressed to all of the State Library Staff who helped with the compilation of the Directory and especially to Virginia Grigg, Loretta Flowers, Kathleen Mayo, Edith Paschall, Betty Ann Scott, Charlotte Whitfield, and Susan Whittle.

A special note of appreciation is due to the librarians of Florida whose cooperation makes this publication possible.

--Helen Morgan Moeller

5	Financial Information - Receipts by Source	135
6	Financial Information - Operating Expenditures with Percent by Category, Capital Outlay	140
7	Rank Order by Expenditures	145

STATISTICAL ANALYSIS FOR PUBLIC LIBRARIES

FY 1980-81

Data is compiled from annual survey forms distributed to public libraries in January, 1982. Approximately 92% of the libraries reported. Except in cases of obvious inconsistencies where changes were made in consultation with the libraries concerned, the information is published as submitted. The tables are the same as last year.

Summarized data show the libraries held a total collection of 11,684,830 volumes of books and bound periodicals, or 1.19 volumes per capita. They served a total population of 9,824,733 and circulated 34,845,424 volumes or 3.55 volumes per capita. The figures for FY 1980 were 1.26 volumes per capita owned and 4.01 per capita circulated.

Revenue for FY 1981 totalled $62,853,479 and was received from three main sources: local (municipal and/or county governments), 88%; State of Florida, 6%; Federal Government, 3%; and other, 3%.

The libraries reported a total operating expenditure of $59,162,732 which equalled $6.02 per capita. In FY 1980 the figure equalled $5.67 per capita.

Population projections were taken from Florida Estimates of Popluation, April 1, 1981, State, Counties, and Municipalities (prepared by the Population Program, Bureau of Economic and Business Research, University of Florida, February, 1982). When the group that is served free-of-charge did not correspond to county or city boundaries, we used figures provided by the library. These exceptions are noted in the footnotes to Table 1.

Some libraries which appear in the address section are not included in the statistical section. This omission was based on the failure to meet - or to be affiliated with a system that meets - any or all of the following criteria set up in Library Statistics: A Handbook of Concepts, Definitions, and Terminology (Chicago, ALA, 1966), p. 30. The library must:

1) Give at least 10 hours of public service per week.
2) Have a book collection of at least 2,000 volumes.
3) Purchase at least 200 volumes per year.
4) Expend at least $1,000 per year.

POPULATION SERVED

(Footnotes to Table 1, Column 4)

1. Orange County Library District population is for Orange and Osceola counties minus Maitland and Winter Park.

2. Broward County System reported service to the total Broward County population.

3. Miami-Dade population was computed by subtracting from the 1981 Dade County figure the population figures for: Hialeah, Miami Shores, North Miami, Miami Beach, North Miami Beach, Surfside, Bal Harbour, Bay Harbor Islands and Opa-Locka.

4. Surf-Bal-Bay serves the populations of Surfside, Bal Harbour and Bay Harbor Islands.

5. Barron serves the city of LaBelle plus the library estimate of western Hendry County.

6. Leesburg population includes Leesburg plus the population outside the city using city utilities as reported by librarian.

7. Lee County population is Lee County total minus Ft. Myers Beach Tax District.

8. Ft. Myers Beach population is figure reported by librarian for Ft. Myers Beach Tax District.

9. Palm Beach Headquarters population is figure reported by librarian for Palm Beach Taxing District.

10. Volusia County Library serves the entire population of Volusia County.
